

# SUSTAINABILITY CULTURAL INDICATORS PROGRAM (SCIP) 2021

2021

Measuring sustainability awareness & behaviors at the University of Michigan-Ann Arbor.

Using results from the SCIP survey, each ring below represents a top cultural indicator score of 10 for a range of sustainability indicators. The number inside the ring represents how the campus community did in reaching those goals and changes for some items since the last SCIP survey in 2018, for other items since the first SCIP survey in 2012, or for baseline items from new SCIP survey questions.

## ANN ARBOR CAMPUS | 2018-2021
